[Urfi Marathi Movie Download 720p 82](#)

The screenshot displays the SMS4Song BlackMagic software interface. At the top, it shows device information: "GSM Mobile successfully connected!!!", "Device Name : Nokia 6610", "Network : 40441", "Battery Level : 22%", "Signal Level : 100%", and "Port : 8". The software version is "Ver: 1.0" and the date is "06 December 2008 10:44:55 AM". The interface is divided into four tabs: "My SMS", "My Songs", "My Sponsors", and "My Settings". The "My Songs" tab is active, showing a table of selected songs. The table has columns for S., S., ID, Song Title, Film Name, Duration, Votes, Rank, %, and a file path. Five songs are listed, all with checkboxes checked. Below the table is a "Song Settings" panel with fields for "Song Path", "Key" (set to "SONG <SPACE> 5"), "Song Title" (set to "Pudukotai"), and "Film Name". There are buttons for "Edit", "Add", "Make Vote", "Save", "Remove", and "Cancel". A video player window shows a scene from the movie "Pudukotai". At the bottom, a warning message reads: "Warning: BlackMagic is not responsible for any illegal telecasting of media files via this software!".
